

MUSKAN RAJANI

SOFTWARE ENGINEER

Goal oriented Full-Stack developer with 2+ years building robust Spring Boot APIs. Experienced in designing, building, and maintaining them for diverse consumers. Seeking a Software Developer role to leverage my skills and collaborate effectively as a team player.

EDUCATION

Chameli Devi Group of Institutions | Indore affiliated to RGPV Bachelor of Technology in Computer Science & Engineering with an aggregate of 82.10% in year 2022.

I.L.V.A. Higer Secondary School | Indore affiliated to CBSE HSSC with aggregate of 60.4% in year 2018.

EXPERIENCE

HSBC – Full-Stack Developer (2+ Years Since 2022, Pune) (Current Employment)

Designed, built, and implemented APIs catering to the needs of diverse internal and external consumers.

Designed, developed, and maintained robust APIs for diverse consumers.

Implemented secure APIs using best practices (OAuth, OpenID Connect).

Ensured API quality through comprehensive documentation (Swagger) and automated testing (Postman, SoapUI).

Collaborated with cross-functional teams for successful API solutions. Improved API performance by 80%.

Worked collaboratively within a team environment to ensure efficient API delivery and ongoing support.

Experience in building applications following the MVC architecture with spring boot.

Cleartrail Technology – Software Engineer, 2022(Indore)

Developed and maintained various Python utilities to automate tasks and improve efficiency within the organization.

Enhanced existing Python codebase by implementing best practices.

Developed a suite of Python utilities to automate data cleaning and report generation, improving team efficiency by 20%. Built Python tools for data analysis, enabling faster insights and decision-making for stakeholders.

Infograins Technology – Intern, (1year 2021, Indore)

Contributed to the creation of multiple websites, collaborating with the development team to implement functionalities using PHP, HTML, and CSS.

Gained valuable experience in: Front-End Development: Worked with HTML and CSS to structure and style website layouts, ensuring a user-friendly experience.

Back-End Development: Assisted with PHP development tasks, contributing to the website's server-side logic. Collaboration: Effectively communicated and coordinated with senior developers to achieve project goals.

TECHNICAL SKILLS

Java, Python, SQL, JavaScript, HTML/CSS, Spring, Spring Boot, Rest API, MVC, Git, Docker, Google Cloud Platform, VS Code, IntelliJ, Anypoint, Postman, Eclipse, Jira, Insomnia, Kubernetes, Jenkins, Splunk, Appdynamics, Django, PHP.

RESPONSIBILITY

API Development (Spring Boot)

Testing and Delivery

Security and Support

Collaboration and Code Quality

Project Highlights (HSBC) –

Money Lock API Suite: Developed and owned a comprehensive suite of 8+ APIs using Spring Boot, enabling customers to add, remove, update, and inquire about money lock details.

OB Migration: Successfully migrated multiple APIs from Mule ESB to Spring Boot, gaining experience with PCF Any point and collaborating effectively across teams to deploy the solution in production.

Rosebud Project: Played a key role in delivering a large-scale project (18+ APIs, multiple waves) for activating personal loan journeys in the MY market.

Additional Contributions: Developed a Python utility tool for CSRs to convert audio files for BAIF, demonstrating technical versatility.

Web Development Projects: Created multiple web applications using various technologies, showcasing a strong foundation in web development.

ACHIEVEMENTS

Won 3rd Price in Hackathon:

- Created Language Converter utility in python for NGO and won 3rd price.

Got “PAT ON THE BACK” Award:

- Awarded for consistently delivering high-quality software releases on schedule, improving team efficiency and project success.
